

# Miss America

SINCE 1921

## Make an investment in our future

We raise funds and awareness for 170 children's hospitals across North America.

Every year, Children's Miracle Network Hospitals® treat 10 million kids, resulting in 32 million visits annually. Since 1983, Children's Miracle Network Hospitals has raised more than \$5 billion, most of it \$1 at a time.

Visit us at [CMNHospitals.org](http://CMNHospitals.org) to learn why your member hospital relies on community support.

Miss America 2016 Betty Cantrell

## How does the Miss America Organization serve Children's Miracle Network Hospitals?

Children's Miracle Network Hospitals is the official national platform of the Miss America Organization. Our partnership gives contestants competing at all levels of the program, the added opportunity to serve their communities by raising funds for Children's Miracle Network Hospitals and the Miss America Scholarship Fund.

## What does this mean for contestants?

Contestants competing in the Miss America program raise a minimum of \$100 in donations for Children's Miracle Network Hospitals and the Miss America Scholarship Fund. Miss America is the National Goodwill Ambassador for Children's Miracle Network Hospitals, speaking on behalf of kids treated at children's hospitals and raising awareness around the country. It's just another way the Miss America Organization and the Miss America Foundation help young women leave a legacy of community service.

## What to do now

Miss America contestants across the country are working to make a positive difference in their communities. Follow their example. Help them reach their fundraising goals and help save lives of children near you.

- 1 Visit [MissAmericaforKids.org](http://MissAmericaforKids.org).
- 2 Click on the "Search for Contestant" button, then search by name or state.
- 3 Click anywhere on the resulting contestant's name, then click "Donate Now" to make a secure donation.

## How can I help?

Supporting children's hospitals is a community effort, and your contestant needs your help. Because funds donated to Children's Miracle Network Hospitals stay in the community, when you donate you're helping kids near you — maybe even the children in your own life. Help your contestant reach her fundraising goal by donating online at [MissAmericaforKids.org](http://MissAmericaforKids.org).

## Meet Miracle Child Molly

Get ready for an earful when you ask Molly about her interests and hobbies. She's a star student and dedicated athlete, singer, dancer and piano player. At just 2 years old, Molly was diagnosed with high-risk B lymphoblastic leukemia. She powered through four different types of chemotherapy that spanned two and a half years.

The aggressive treatments took their toll, but due to donations that helped provide world-class care, Molly rebounded to become a girl who never takes a day for granted.
